

2575 – Based on our standard 2883 Chauchet-Guilleres chair frame, the Jon chair features a custom conical metal leg addition, model 5398. This updated design keeps the fundamental design intent of the original, by using simple, yet elegant shapes. These chairs continue to bring grace and comfort to the newly decorated apartments and town homes of the fashion conscious.

An available **option** is to select from metal leg finishes of Polished Stainless Steel, Brushed Stainless Steel, Brass (PW-11) or a custom Powder Coated finish.

Sidechair:            34”H                      24”W                      27”D                      19 ½”SH

Presented in Brass (PW-11).
