2571 – There are very few pieces of furniture that make you stop and stare ... Our Speakeasy is one of those. Employing the familiar tub chair design, our Speakeasy frame steps it up a notch by mimicking that design at both top and bottom portions. Smooth, sleek and inviting lines, partnering with an incredible comfortable curved upholstered detail enlighten this modern utilitarian design. The apron and lower plinth base can be finished in wood or clad with a chemetal application in brass, aged brass, aluminum or brushed aluminum.
